

Pupil Premium Statement

September 2020

Introduction

The **Pupil Premium** was introduced in April 2011 to provide additional funding to support children who are looked after and those from low income families, including those eligible for Free School Meals. Interventions should have a positive, meaningful impact. It is important to be able to track the spending of the additional funding and also to be in a position to evaluate the effectiveness of measures that have been put in place regarding the improvement of outcomes. We encourage eligible parents to register their child as eligible for Free School Meals so that the maximum Pupil Premium entitlement is correctly allocated. The Pupil Premium, funding for which is additional to main school funding, is a crucial way of addressing inequalities by ensuring that funding to tackle disadvantage reaches the pupils who need it most. Hinde House School aims to maximise the achievement of all children in our care.

According to the Department for Education schools have the freedom to spend the funding as they see fit based upon their knowledge of pupil needs - *'Schools will decide how to use the Pupil Premium as they are best placed to assess what additional provision be made for individual pupils.'*

Pupils eligible for the Pupil Premium are initially identified before commencing their career at Hinde House. They are pupils from the following 3 groups:

- Pupils who have been on Free School Meals at any time during the last six years (Ever 6)
- Children Looked After who have been so for at least six months as of 1 April the previous year
- Children with a parent in the armed forces.

At Hinde House School we prioritise those pupils not making sufficient progress in line with benchmarks, in terms of allocating interventions. In addition, pupils from other vulnerable groups who are (relatively) underachieving may also receive additional support as considered appropriate.

WHAT WE BELIEVE IN:

At Hinde House we believe in narrowing the educational attainment gap. We want all our students to fulfil their talent. We want Hinde House students to maximise their opportunities not lose them.

We believe that it is a priority to unlock the potential of those pupils entitled to Free School Meals and so narrow any gap between those entitled to Free School Meals and their peers.

We aim to accelerate the progress of pupils eligible for FSM in order to narrow any attainment gap. Strategies can also be used to address other gaps.

We use performance data to identify gaps, therefore we seek to identify Hinde House pupils at risk of underperforming and challenge those whose progress needs to accelerate.

We aim to intervene effectively, track progress and change approach where necessary.

We aim to listen to pupils and engage them in dialogue regarding their attitudes to learning.

We aim to develop effective ways of engaging both pupils and their parents.

Crucially we do not accept excuses and seek to evaluate, celebrate and share success.

We communicate the vision of narrowing the gap and provide the drive and commitment necessary to motivate.

We should listen to pupils and create a culture where success is expected.

Analysis of Expenditure

Overview of Pupil Premium Funding

For 2020-21 we have 48% of students that are 'pupil premium'.

Year Group	2015-16		2016-17		2017-18		2018-19		2019-20		2020-21

*Please note - 2020-21 figure is 2-16

The Sutton Trust Pupil Premium Toolkit was used to guide how funding was spent in order to maximise achievement.

Funding is allocated based on the needs and barriers that Pupil Premium students face and interventions are planned and enacted to accelerate the progress of those students and to narrow the gap with their peers.

Further information of Pupil Premium plans and their effectiveness can be found in the Hinde House PP Strategy and the Hinde House PP impact documents.

Cohort

We are proud at Hinde House of our rich and diverse school community. This is a strength of the organisation and as such is celebrated in many different ways.

With this varied cohort come challenges and barriers that can be common to all or specific to individuals and/or cohorts of students. The Pupil Premium Strategy seeks to meet the needs of all pupils.
